

Previously Loved Go-Ped® Trade-In Request Form

Turn in your old Go-Ped to receive a discount on a NEW Go-Ped model offer.

To take advantage of the "Previously Loved" Trade-In Offer and to receive a discounted price for your next Go-Ped scooter/kart purchase this "Previously Loved" request form must be filled out and attached to your "complete" previously loved scooter, and shipped to the address at the bottom of this form for inspection of qualification for this offer. Once the "previously loved" Go-Ped has been accepted we will contact you and complete the final steps of the order, collect payment for the balance of the new scooter, and ship it to the Shipping address provided in this form.

** Previously Loved scooters eligible for this offer must not be excessively abused, damaged or missing any components. An engine that does not require any additional service work or replacement part to get started and remain running under its own power is considered a working engine. If any part of the engine needs to be replaced or requires non standard attention to get operating normally is not considered a "Working" engine or motor. Models received that do not qualify for this offer are the owner's responsibility to pay in advance for return shipping. If a unqualified model left at our facility for more than 30 days will be considered abandoned and destroyed and recycled to a proper recycling facility. This offer only good toward the purchase of a current Go-Ped model, this offer is not good toward the purchase of parts and or accessories.

Read the information on shipping and Ship this form attached to the previously loved Go-Ped to:

**PREVIOUSLY LOVED GO-PED
2220 Meridian Blvd.
Minden, NV 89423**

Important Shipping Instructions:

When shipping a used Scooter there are a few things you should be aware of first.

Patmont Motor Werks assumes no responsibility for damage caused by improper packaging and shipping. This could affect the Trade-In value of your Go-Ped. In addition, it is unlawful to ship hazardous materials such as Gas, Fuel, and Oil. You must remove all traces of gas fuel and oil before ever attempting to ship a used gas powered vehicle. There should be no residual fuel and odor associated with a shipping container and contents. Electric models should not be leaking any fluid and have the power cables to the electric motor disconnected to eliminate any possibility of becoming active in the box. Patmont Motor Werks assumes no responsibility for any legal action taken from improper packaging and shipping to our location.
